

## Lizenzaktivierungs Information / Licenseactivation information

Beispielpfad einer Lobster\_data Installation - Samplepath to Lobster\_data installation

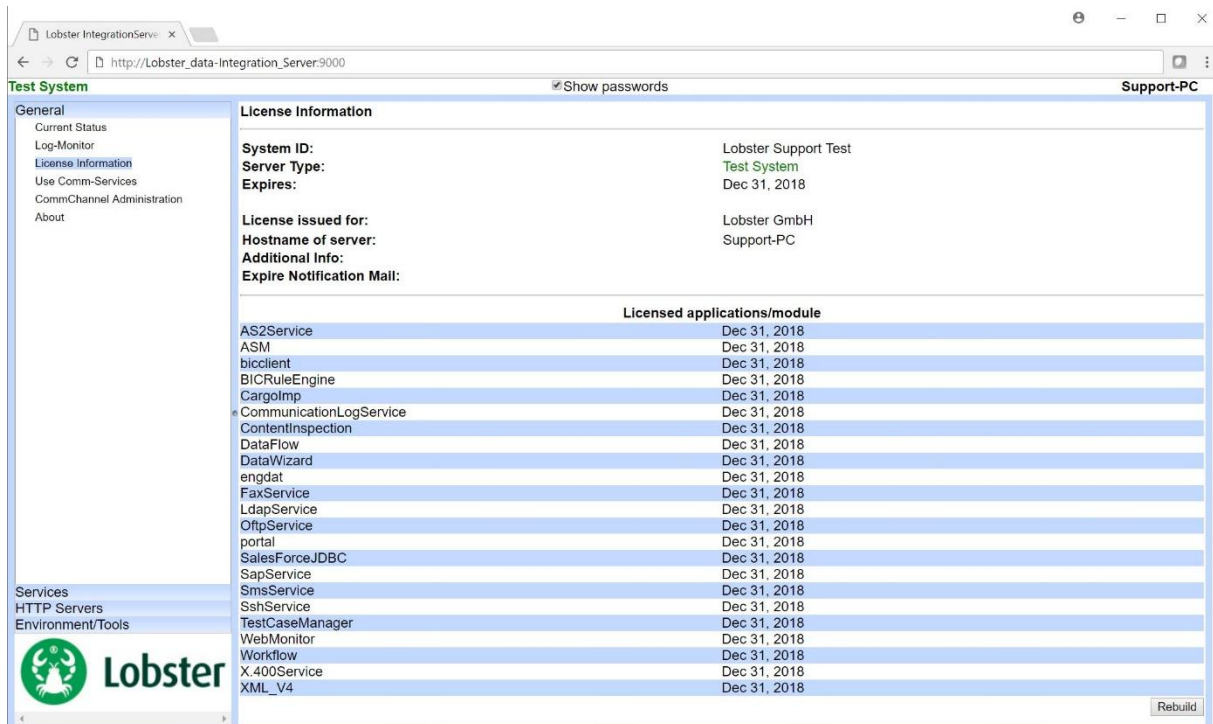

Speichern Sie die Datei license.zip auf dem richtigen Server in dem ./etc Verzeichnis ab

Save the licensefile license.zip in the ./etc folder.

In der Adminkonsole unter „License Information“ können Sie mit dem Rebuild Button die Lizenz neu einlesen und sehen sofort dass ein anderes Ablaufdatum gesetzt ist.

In the Admin Console under "License Information" you can re-import the license with the Rebuild button and immediately see that another expiration date is set.

**Test System** Support-PC
